OFFICE OF THE PRESIDENT,

No. C 2-525/36-37

Dated, Bangalore, 25th Jan. 1937.

To

M. Venkatanaranappa, Esqr, B. A.,
Secretary to
The Government of Mysore,

Through:-
The Deputy Commissioner, Bangalore District.

Sir,

1. I have the honour to state that the District Board have been subsidising annually about Rs. 4,717/- as per details furnished below to the Medical Institutions situated in the Bangalore City Municipality.

1. Aralepet Local Fund	Dispensary	Rs. 824
2. Ganigarpet	do	610
3. Basvangudi	do	574
4. Chamarajapet	do	466
5. Mavalli	do	470
6. Malleswara	do	558
7. Lepet Out-patient	Dispensary.	1,215
Total.		4,717

2. As Bangalore is a City Municipality, it is the obligatory duty of the Municipality to provide for adequate medical relief to the citizens. The principle of contributing a portion of the cost of maintenance of the dispensaries situated in urban areas was fixed by the Chief Commissioner so long back as in 1865. Since then the conditions have entirely changed and the responsibility of the District Board for the development of rural areas has increased out of all proportions. The demand for meaical relief from rural parts is increasing almost every day on the one hand, while on the other applications for the establishment of maternity Homes, providing midwives and etc., are being received in large number from all quarters so much so that it has become quite impossible for the

the District Board to sympathetically view their requests by affording these facilities to them however much pressing their need be, only on account of their present straitened financial condition. The present contribution of Rs. 4,717/- paid by them towards the Medical Institutions situated within the limits of the premier Municipality, works out to about one-sixth of the entire amount paid by the District Board for Medical relief in the District and if this large slice of their expenditure is kindly released, it would greatly facilitate the Board to diverting the same to catering to the pressing needs of the rural areas who are clamouring for the grant of medical relief and other amenities that have had to be reluctantly denied so far for want of funds.

3. The question of discontinuing the contribution to the Local Fund Dispensaries situated within the limits of the Bangalore Municipality was decided upon by the Board and a notice under Section 75 of the District Board Regulation also issued to the Managers of the Institution (vide this office letter No. C. R. 44/34-35 dated 2nd August 1934 and the Board's resolution dated 26th and 27th May 1934 (copies enclosed). Now that the period of one year's notice as required by ~~the~~ Section 75 of the Regulation has long passed, the Board's contribution towards the maintenance of these dispensaries situated within the city limits shall have to be discontinued from 1936-37.

I request you, therefore, to be so good as to obtain sanction of Government to the resolution of the Board to the discontinuance of the grants in respect of the above dispensaries from 1936-37 and communicate the same to me early with a view to enable the Board to consider the question of openeing some reduced Scale Dispensaries in the Rural areas in the order of their urgency out of the amount released by the discontinuance of the payment of any quota for the several dispensaries situated within the City limits.

President,
District Board.

Letter No. C. R. 44/34-35 dated 2nd August 1934 from the President, District Board, Bangalore to:-

1. The Municipal Commissioner, Bangalore City Municipality.
2. The President, City Municipality, Bangalore.
3. The Senior Surgeon in Mysore, Bangalore,
4. The District Medical Officer, Bangalore District.

I have the honour to state that, sanction of Government having been solicited so far as 1931 for the discontinuance of the District Board grants to the Local Fund Dispensaries situated in the Bangalore City Municipal area, the Government declined to sanction the proposal of the Board on the score that one year's notice of the intention of the Board to do so was not given as required under Section 75 of the District Board Regulation 1926 to the Managers of the Institutions concerned. This question of the discontinuance of the grants from the Board came up for consideration of the Standing Committee at their meeting held on 28th April 1934 when the Budget Estimates for the year 1934-35 were taken up for discussion, and it was then resolved that a notice under Section 75 of the District Board Regulation 1926 as observed by Government may be sent to all officers concerned to the effect that contributions due by the Board to the several Local Fund Dispensaries in the Bangalore City area would be stopped with effect from the year 1935-36.

This resolution of the Standing Committee was subsequently approved by the District Board at their meeting held on 26th May 1934 along with the Budget Estimates and other resolutions of the Standing Committee in respect of the Budget Estimates.

Copies of the resolutions are also herein enclosed for reference.

Therefore, please take notice that all grants hitherto made by the District Board for the various institutions scheduled hereunder will be stopped exactly one year from the date of the notice hereof. You may make your own arrangements from that day onwards as the District Board is not going to make any -

any provision in its next Budget.
